

Norwich Engineering Society

N.E.S. 2008/9 **WINTER LECTURE** **PROGRAMME**

--2008--

- 13th Oct **Cutting Teeth - from Flintstones to Laser.**
BY: Mr Gordon Watkins
Engineering in dentistry.
- 3rd Nov **Modern Steam Locomotive proposed Class 5AT**
BY: Mr Richard Coleby
A new design incorporating the latest proven steam technology.
- 10th Nov **Wings for Space - Designing the NASA Shuttle**
BY: Dr David Baker
From Apollo to reusable space plane
- 1st Dec **Project Polar: The Facility to house automated Biological Archive for the UK Biobank.**
BY: Mr Justin Owen
Storing 10 million tissue samples at minus 80 degree C for 25 years.
- 8th Dec **Christmas Meeting**
History and production of Church Bells.
by Mr Robert Bracegirdle
Bell Foundry Museum Loughborough.
Hand Bell Ringing.
BY: Mary Miller

--2009--

- 12th Jan **Bio Fuels from East Anglian Crops.**
BY: Dr Michael Bennett
Some of the major factors involved.
- 26th Jan **Work of the Rail Accident Investigation Board.**
BY: Mr Andy Savage
Case studies with emphasis on the engineering aspects of rail accidents.
- 9th Feb **Jack Box Tunnelling.**
BY: Dr D Allenby
Non-intrusive tunnelling techniques by Edmund Nuttall Ltd.
- 23rd Feb **An Automotive Talk.**
BY: To be advised
- 9th Mar **Nanotechnology**
BY: Mr John Rant
(Joint IET Lecture. Arranged by IET)
- 23rd Mar **Medical Applications of the Electronic Microscope.**
BY: Dr Lucy Collinson, Head of Electron Microscopy at Cancer Research UK.
- 6th Apr **A.G.M.**
Proceeded by lecture.
Engineering aspects of Enviromental Waste Recycling.
BY: Mr Ian Roe
Norfolk County Council Waste Management Planning Department.

Meet 7.30 pm. @: Holiday Inn Norwich.
(previously called The Post House) Ipswich Road, Norwich, NR4 6EP
